Dear Wizardry Purchaser:

Thank you for acquiring the most widely acclaimed game program for the micro-computer. It's popularity is attested to by Wizardry's long term standing as the number one program of its class. Among the reasons for Wizardry's great standing is its exceptional long term playing value.
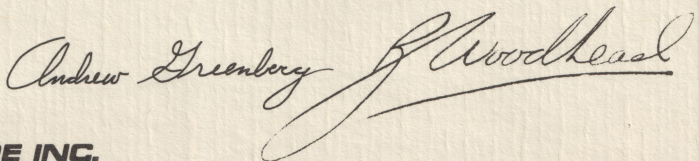

It has come to our attention that some software vendors are marketing so-called "cheat programs". These products allow you to create characters of arbitrary strength and ability.

While it may seem appealing to use these products, we urge you not to succumb to the temptation. It took more than four years of careful adjustment to properly balance Wizardry. These products tend to interfere with this subtle balance and may substantially reduce your playing pleasure. It would be akin to playing chess with additional queens, or poker with all cards wild.

It has also come to our attention that some of these programs are unreliable and may even destroy the data. While we repair or replace inoperative disks free within 30 days of purchase, or for a nominal fee of $5.00 anytime thereafter, we will not do so for disks damaged by a cheat program.

With kind regards and our best wishes for many, many hours of fun and pleasure.

Yours truly,

Andrew Greenberg   *R. Woodhead*
